U.S. Statistics Invite Fears of Inflation

By DARDEN CHAMBLISS
A Business News Writer

NEW YORK (AP)—New government statistics invite fears that inflation may be straining at the leash again.

Businessmen seem agreed that it probably won't get loose. But they concede there has been more price raising in recent months than there has been in a long time.

The government cost of living index for June took its biggest spurt in months, reaching a record high of 106.6 per cent.

This specific figure, strongly influenced by an unusual increase in sugar prices, can't be taken too seriously by itself. But businessmen are studying the index for what it reveals about the overall pattern.

For years that pattern has been deflationary, many businessmen say. There has been a buyers' market, with stiff price competition, since about 1958.

During this period, wholesale price indices slipped downward and retail averages held about steady. The cost-of-living index inched upward, but this was almost exclusively because of higher charges for services (haircuts up 12 per cent, hospital care up 32 per cent, etc.), shelter and taxes. Food prices have been almost steady for several years.

Real estate prices kept rising longer, partly because of property taxes, but by last year, they too had about flattened out.

U.S. Steel tried unsuccessfully to boost its prices bringing the historic clash with President Kennedy in the spring of 1962.

This spring, the steel industry tried again but on a smaller scale. This time it worked.

Shortly afterward, aluminum producers gingerly raised some prices. Some brass and copper makers followed suit. Then came more, aluminum boosts.

At about the same time, sugar prices zoomed from near-record depths to near-record heights.

Some see a new inflationary climb.

Riggs Office for Texarkana

TEXARKANA, Ark. (AP)—The J. A. Riggs Tractor Co. will build a \$200,000 branch office in Texarkana, the company announced Tuesday.

A 16,800 square foot building will be completed by Dec. 1 on a seven-acre tract on U.S. Highway 67 northeast of the city.

The office will employ 15 persons at the outset and more will be hired later. The building will include facilities for sales and repair of farm and construction machinery.

Riggs has plants at Little Rock, West Memphis, Fort Smith, Jonesboro and McGehee.

PROTESTS GOVERNOR'S STAND — Between 40 and 50 Negro and white demonstrators picketed the governor's mansion in Austin, Tex., for an hour in protest of Gov. John Connally's civil rights stand. Many of the white pickets were University of Texas students. The pickets passed out leaflets that called Connally "A Jim Crow governor of the worst kind."

2 Vehicles Are Damaged in Wreck

At 6th and Walnut yesterday a pickup truck driven by W. L. Bazzelle and an auto driven by Mrs. Henry Aldridge, collided and both vehicles were heavily damaged. City Officers Jarvis and Willis charged Bazzelle with failure to yield the right-of-way.

Wants Better Control Over State Money

CAMDEN, Ark. (AP)—Benton County Rep. Hardy Croxton proposed today in a speech to a Camden civic club a state administration department to control personnel, records, purchasing, rules and standards and the use of state money.

"The cash flow of state money at the present time leaves a lot to be desired," he said. "Idle money in this state should be sold to the highest bidder and the proceeds of that venture placed in the state treasury."

"At the present time the highest bidder for state money deposits usually puts it in a candidate's campaign fund. The people are short-changed," Croxton said.

The representative has been often mentioned as a possible candidate for governor in 1964.

Croxton said he had noted dissection in the state Republican Party.

"This is regrettable because the Republicans are already short of members," he said. "The Democratic Party is entirely different. We have plenty of members but no party leadership."

He called for a rejuvenation of the Democratic Party and said the party already is being challenged by the Republicans. "Their criticisms must be met head-on by offering something better," Croxton said.

He reiterated his proposal for a reorganization committee to study the 143 state commissions which Croxton said have overlapping jurisdiction and duties.

Peking Says U.S. Threat to Red China

By CONRAD FINK

TOKYO (AP)—Amid speculation it is warming up for trouble in tense Asia, Communist China declared today "U.S. imperialists" are threatening Korea and southwest China.

Peking broadcasts charged the Americans are sending Nationalist Chinese saboteurs into southwest China on assassination and spying missions and preventing reunification of divided Korea.

"The U.S. imperialists must get out of South Korea without delay," one broadcast said.

The outburst coincided with reports from South Korea of shooting incidents in which three Americans and four Communist North Korean soldiers were killed south of the demilitarized zone separating North and South Korea.

Following Peking's bitter attacks on the U.S.-India air defense pact, the new barrage of words raised fears Red China plan a grandstand play to prove its contention that communism's only hope is stern militant action against the United States.

Peking probably feels considerable pressure to show that its leadership—not the Soviet Union—is the one that can win gains for international communism.

If Red China plans military action in an attempt to prove this point, the hotspots of Asia offer many opportunities.

India, Korea and portions of the mainland near Nationalist China have received most attention from Peking Radio.

Dr. Ward Takes Overdose of Sleeping Pills

By HAL COOPER

LONDON (AP)—A jury in the Old Bailey court retired today to consider its verdict on lurid vice charges against Dr. Stephen Ward — while the defendant lay unconscious in a hospital from an overdose of drugs.

Court officials said that Justice Sir Archie Marshall would not sentence Ward, if convicted, until he is well enough to be present.

Ward still was in a coma five hours after admission to the hospital. Doctors and nurses were administering oxygen in an effort to bring him around.

Christine Keeler, alleged by the prosecution to be the star attraction in a circus of prostitutes run by Ward, was stunned.

Hospital authorities indicated that Ward was expected to recover.

"The presiding judge completed his summing up of the evidence and his instructions to the jury after cancelling Ward's bail of \$3,000 pounds (\$8,400) and instructing the police to "take the normal"

Negroes in New York Still Picket

NEW YORK (AP)—Demonstrations for more construction jobs for Negroes and Puerto Ricans resumed today despite what civil rights leaders described as harrowing discussions toward settling the grievance.

Antidiscrimination pickets returned to publicly financed construction projects and sit-ins continued at the mayor's and governor's offices.

Police arrested 12 persons at a Brooklyn hospital site, 2 at a Queens apartment project, and 3 at the mayor's office.

A young white woman, a bearded white man and a Negro man sat with linked arms against the gate to Mayor Robert F. Wagner's office — a tactic which police had said they would not tolerate and which caused the arrest of three sit-in demonstrators there Monday.

Two policemen helped a woman employ of the mayor's office over the pickets, who remained against the gate more than an hour before being arrested.

"There ought to be access to the mayor's office," said Roy Wilkins Tuesday when asked about the earlier arrests as he left a City Hall conference.

Wilkins, executive secretary of the National Association for the Advancement of Colored People, approved of the sit-in so long as participants lined the corridor and didn't block the gate.

At the conference, a 10-member committee was set up among civil rights groups, unions, contractors and the city.

"Our objective was to make available as many jobs to non-whites as possible without depriving anybody presently employed of a job," Wagner explained.

Tonight at midnight is the deadline to purchase truck and trailer tags... don't know whether the policy will be continued but yesterday they gave away peaches with the purchase of a tag... at least they gave this writer one... perhaps it was due to relief as I threatened to wait until midnight to buy my tag... although the deadline is midnight we wouldn't advise waiting 'til that time to go to the revenue office as you will be the only one there.

It is the order of the Worshipful Master that all Master Masons meet at Whitefield Lodge No. 239 at 2 p.m. Thursday, Aug. 1, for the solemn funeral service for W. W. Ellen.

Scrap Paper Drive Nets Band \$400

Haskel Jones, Scrap Paper Drive Chairman for the Hope High Bank, announced that another check had been received from the Elk Roofing Company for the final odds of paper taken over to Stephens in May.

The check for \$196.64 brought the total to over \$400 that the band cleared on this project.

Mr. Jones expressed his gratitude to all persons who were kind enough to save and bundle the paper, to the Father's & Band Members who picked it up, to the members of the student council for helping deliver it to Stephens, and to Corn Belt Hatcheries who provided four trucks and drivers for two trips.

All of these services were given therefore, the entire amount goes to pay for instruments, music, and uniforms for the Hope High Junior and Senior Band. An announcement will be made in September as to whether the project will be carried on another year.

Bulletin

LONDON (AP)—Dr. Stephen Ward was convicted today of two charges of living on the immoral earnings of prostitutes.

The society osteopath, lying gravely ill in a London hospital from an overdose of drugs, was found innocent on three other vice charges against him.

The verdict was reached on the trial's eighth day by the jury of 11 men and one woman after 4½ hours of deliberation.

Conviction on all prison charges might have meant a sentence of 25 years in prison.

Command in Japan Changed

TACHIKAWA, Japan (AP)—Lt. Gen. Jacob E. Smart turned over command of U.S. forces in Japan and the 5th Air Force in a ceremony Tuesday at this Air Force base 20 miles west of Tokyo.

Smart, who has held the twin commands since August 1961, was succeeded by Maj. Gen. Maurice A. Preston.

Arson Charged in Apartment Fire

LITTLE ROCK (AP)—Herbert Earl Trest, 35, of North Bend, Ore., was charged Tuesday with arson in connection with a fire at an east side duplex apartment building July 22.

Trest was arrested the day after the fire.

Melons Given to Civitans for Colony

Dr. Phillip Manus, president of the Hope Civitan Club, has announced that two truckloads of watermelons have been donated to the club to be taken to the Children's Colony in Conway on August 8.

John Lloyd and Leonard Morton, both of Hope R. 3, have donated a pick-up truck load of melons for this purpose. The club expressed gratitude to these men for their contribution.

The civitans will supply the trucks and drive them to Conway leaving Hope about 8:00 a.m. on August 8, and arriving in Conway at approximately 1:00 p.m.

Say Communist Angle Covered Up by RFK

WASHINGTON (AP)—A Mississippi state senator charged today that Atty. Gen. Robert Kennedy was guilty of "a brazen cover-up job" when he said there was no evidence of Communist control of current civil rights demonstrations.

The charge was made by John C. McLaurin in testimony before the Senate Commerce Committee which is considering President Kennedy's public accommodations proposal.

McLaurin also proposed as a solution of the racial problem a massive relocation of Negroes so that the population of each state would be about 10 per cent Negro. He said the Negro population now ranges from 42 per cent in Mississippi to less than one per cent in some northern states.

McLaurin today repeated charges made earlier in the hearings by Govs. Ross Barnett of Mississippi and George Wallace of Alabama.

During his testimony two weeks ago, Barnett displayed a picture which he said showed the Rev. Martin Luther King, a Negro leader, at the Highlander Folk School in Tennessee — a school which Barnett said was a Communist training school.

Subsequently, Kennedy wrote the committee that the government has no evidence that any top leaders of the major civil rights movements are Communists or Communist controlled.

McLaurin told the committee: "When he (Kennedy) says there is no evidence that Martin Luther King or any of the top leaders of the major civil rights groups are Communists, or Communist controlled, then he has either deliberately misstated the facts or is the most ignorant attorney general this nation has ever had."

"I tell you, gentlemen, that Atty. Gen. Kennedy is not an ignorant man. I charge that he is deliberately whitewashing the Negro leadership, with which he is in daily contact, and that in doing so he has, with full knowledge, deliberately ignored pertinent facts in the files of the Federal Bureau of Investigation, and facts available to him, and to you, from the files of the House Committee on Un-American Activities or your own Senate subcommittee on internal security."

Across the capital, meantime, Negro leaders were urging the House Judiciary Committee to strengthen the administration's proposed civil rights legislation.

A particular request is for addition of a fair employment practices bill.

Tuesday, they got the assurance of Chairman Emanuel Celler, D-N.Y., that he'll go along with them. The votes to do it will be harder to come by.

The beginning of the play of strategy in the House marked the approaching end of the preliminaries in the civil rights battle. In the Senate signs of progress are hard to detect.

Atty. Gen. Robert F. Kennedy, Continued on Page Two

All Around Town

The Golden Age Club will hold its regular meeting at 1:30 p.m. Thursday at the Youth Center.

Coach Ben Burton has called an important meeting of Hope High football candidates and their parents at 7:30 Thursday night at the school... watermelon will be served... Coach Burton is especially anxious for all parents to be present.

High and attended Midwest College of Commerce, Pueblo, Colo., he plans to make a profession of the auction business and is ready to help anyone with their auction needs.

Mrs. Jerry Jones of Dean's Truck Stop tells this one on the Internal Revenue Service, Little Rock... Mrs. Jones wrote for a social security card for a new employee... in a few days she received a letter from the District Office and all it contained was four paid stamps... naturally she appreciated the stamps but wanted the SS card too... after informing the IRS what happened she received a letter from the director, an apologetic one, promising to "find out the cause or causes in order to prevent similar situations"...

It seems fairly evident that somebody in the IRS office is using free postage IRS envelopes for personal use... with about one out of every dozen persons on public payroll you can readily see what a bite it is on the taxpayer if they all use postage free envelopes.

Garland Bright, Arkansas Gazette carrier for Jack's Newsstand, has won a three-day, all-expense trip to Six Flags Over Texas for work in a new start contest.

SHEER STUPIDITY — Sen. Barry Goldwater (R-Ariz.), a front runner for the GOP presidential nomination in '64, ponders a reporter's question as he arrives at the annual convention of the Beauty and Barber Institute in New York. Sen. Goldwater warned of the futility of a non-aggression pact with Russia and said such an agreement would be "sheer stupidity."

Same Guns Used, Army Declares

By ROBERT EUNSON

SEOUL, Korea (AP)—The Communist guns which killed two U.S. soldiers and wounded a third Monday just south of the demilitarized zone were the same weapons carried by North Korean soldiers killed Tuesday, a U.N. command spokesman announced.

"Ballistic tests have proven conclusively that submachine guns taken from two North Koreans killed Tuesday afternoon are the same weapons used in the Monday morning ambush attack," Col. George Creel said.

Creel explained that the markings on the bullets taken from the dead (American) cavalymen compare with the markings on bullets fired from the captured submachine guns.

U.S. soldiers "exchanged fire with the enemy" early today for the third consecutive day just south of the demilitarized zone separating North and South Korea, Brig. Gen. Charles Pershing Brown announced.

Brown, acting commander of the 1st Cavalry Division, said: "No one was wounded or killed on our side and there were no definite results from the contact."

Brown's statement gave credence to the belief that the Communists have increased their infiltration of the 10-year-old buffer zone dividing North and South Korea.

Tuesday U.S. troops and South Korean policemen flushed four North Korean soldiers six miles south of the armistice line.

A 7th Division infantryman and a cavalry trooper killed two of the Reds, the other two committed suicide.

One American and a South Korean policeman were killed.

Elphinstone carried every ward, including predominantly Negro 2-B, where he got 121 votes and Hose 93. Wilkinson also carried every ward.

The five unopposed candidates were S. L. Burkett, Position 1; Harry Minton, Position 2; Ed Holt, Position 3; Dr. Oras L. Dotson, Position 4, and Dr. Jabez F. Jackson, Position 7.

The seven take office Monday. In contested races in primary elections to select Democratic nominees for municipal offices in:

PARAGOULD: Mayor J. T. (Chigger) Brown defeated former Mayor Charles Wood 1,229 to 960. Brown defeated Wood by 10 votes in 1962 in a hotly contested race finally settled in the courts.

Floyd K. Williams and Alex Fletcher earned run-off positions in a race for Ward 3 alderman, with Williams polling 968 votes, Fletcher 749 and B. G. Spillman 439. S. D. Thorn defeated Leland Cox 1,007 to 1,064 in Ward 2 and J. C. Granling defeated O. D. McCall, 1,148 to 1,014 in Ward 1.

VAN BUREN: Mayor Allen Toothaker polled 10,083 votes, defeating auto parts store manager W. E. Neal with 710 and department store salesman Ralph Sweeney with 110. Incumbent 3rd Ward Alderman Charles Matlock defeated Mrs. Maria Bolling, a housewife, 847 to 269.

EL DORADO: Mayor Roy H. Goudy defeated attorney Ben D. Lindsey 1,746 to 1,367.

PINE BLUFF: Three-term incumbent Emmett Sanders defeated radio station manager Joe L. Wallace 785 to 342 in a race for alderman of the 3rd Ward. Pine Bluff's largest.

U.S. Watches for Signs Indicating New China Action

By FRED S. HOFFMAN
WASHINGTON (AP)—U.S. military chiefs watched today for signs indicating whether the outbreak of shooting incidents in Korea might foreshadow major action by the Communists.

So far, the disposition in the Pentagon is to regard the incidents this week as isolated.

Any further ambushes by North Korea's Red marauders or encounters with them could raise the level of concern, sources said, because they might point to development of an offensive pattern.

The Joint Chiefs of Staff were being kept abreast of the situation along the demilitarized zone, but for the present were leaving the reins in the hands of U.S. commanders in Korea.

There has been no special alert of American forces outside Korea, authorities said.

In South Korea, patrols have been strengthened and vigilance increased along the 150-mile narrow band separating Communist and non-Communist halves of the country.

Three U.S. soldiers and a South Korean policeman have been killed this week by bandit raiders near the demilitarized zone. Four North Korean Communists infiltrators died violently Tuesday six miles south of the armistice line. A U.N. spokesman said two of the infiltrators committed suicide when surrounded.

American diplomatic officials studied the flare-up in Korea against the background of the Chinese Communist cleavage with the Soviet Union and Red China's espousal of a hard line against the West.

The North Koreans have aligned themselves with the Red Chinese, who supported them in the Korean conflict.

State Water Projects Toll \$32 Million

WASHINGTON (AP)—The Senate passed a measure Tuesday authorizing future construction of water projects costing \$200,000,000 and including \$32,404,000 worth of projects in Arkansas.

Passage of the bill followed an unsuccessful attempt by Republicans to return the bill to committee for major cuts.

The bill now goes back to the House where a single objection can prevent it from going to a Senate-House conference committee to compromise differences in the two versions. If an objection is raised, the bill can go to conference only if the House Rules Committee approves.

The bill contains several projects carried over from a legislative fight last year. The battle ended last time with the elimination of the projects, most of which deal with proposed generation of power.

The Republican move to return the bill to committee, sponsored by Republican leader Everett M. Dirksen of Illinois and Sen. John J. Williams, R-Del., was defeated 25-64 on a roll call vote. Arkansas Sens. John L. McClellan and J. William Fulbright voted with the majority.

The bill later passed by voice vote. Arkansas allocations in the bill include \$31 million for the Arkansas River, \$1 million for the White River and \$404,000 for the Dardanelle Dam on the Arkansas River.

Couple Charged With Burglary

Sheriff Jimmie Griffin said today that charges of burglary have been filed against Mr. and Mrs. Cornelius Wilson of north Hempstead in connection with the theft of a hot plate and on electric heater from residence in the area. They are scheduled to enter pleas before Judge Lyle Brown this week, the Sheriff said.

65 Re-route to Require Two Years

LITTLE ROCK (AP) — Acting state Highway Director Ward Goodman said today another two years work will be required on the re-routing of U.S. Highway 65 between Little Rock and Pine Bluff.

The biggest job will be paving the four traffic lanes of the middle section of the route, Goodman said.

Goodman said he believes reasonable progress is being made on the project. The department already has obligated more than \$5 million on the project.

There are three sections to the project. The four-lane section goes from Little Rock to Iron Springs. Then the highway splits into Pine Bluff and Sheridan lanes.

Goodman said right of way had been acquired for four traffic lanes on the Pine Bluff and Sheridan legs, but only two lanes will be built under the present program.

Grading on the Pine Bluff and Sheridan sections is complete and surfacing is underway on the Pine Bluff leg and will begin on the Sheridan leg later this year. The section from Little Rock to Fourche Creek is complete and grading from that point to the "Y" is 81 per cent complete, Goodman said.

A surfacing contract will be let soon.

Goodman said the proposed Highway 65 expressway route in Pine Bluff has been surveyed but no plans have been made because of a disagreement over whether the city or state will furnish the right of way.

Say Communist

Continued From Page One

who has spent four days listening to Sen. Sam J. Ervin, D-N.C., question the constitutionality of key parts of the legislation, is due back for another session today, and Ervin says he still has a long way to go.

Sen. Kenneth B. Keating, R-N.Y., suggested the hearings in order to speed things up.

In the House, Celler hopes to wind up hearings this week, with the exception of testimony by Dr. Martin Luther King Jr., head of the Southern Christian Leadership Conference. Celler said he will hold the hearings open until King has an opportunity to appear.

Celler's commitment to try to put fair employment practices into the seven-part administration package was given to a group headed by Clarence Mitchell, Washington representative of the National Association for the Advancement of Colored People.

After Celler said he would entertain a motion to add the controversial measure and urge its support, Mitchell said: "Now it's our job to get the votes to support the chairman."

A fair employment practices bill that would ban racial discrimination in employment has been approved by the House Education and Labor Committee but has no chance of getting by the House Rules Committee to the floor.

Matter of Fact

In law among English-speaking peoples, as well as in Roman law, ignorance of the law is, in general, no excuse for avoiding consequence of an act. In Roman law, the harshness of this rule was mitigated in the cases of women, soldiers and persons under 25 unless they had access to good legal advice.

North Koreans. This may be true, too, in smoldering Indochina.

Backed by the Chinese, North Korean Communist leaders are sounding as truculent as they did before an armistice halted the Korean action 10 years ago.

Recently a high-ranking North Korean Communist toured Red China. On his return last week to Pyongyang, the North Korean capital, he said in a speech that "one half of our territory (meaning South Korea) is under the occupation of the U.S. imperialists and we have not yet completed the national liberation revolution."

"National liberation" is a Communist way of describing a war to advance communism. It is Red China's contention that Khrushchev's policy of easing tensions with the West hampers the "national liberation movement."

If the Red Chinese start something dangerous in Asia, they could put Khrushchev on an uncomfortable spot, demanding that he choose between his Chinese allies and the West.

A State Department spokesman, Richard I. Phillips, said Tuesday the North Koreans' aggressiveness appears to be a demonstration of truculence connected with the 10th anniversary of the armistice which brought an end to big-scale fighting in Korea.

"However, I would not want to exclude the possibility of their being linked to wider developments in Asia," Phillips said.

By this he meant reports of a Red Chinese military buildup along India's frontier, which Communist Chinese troops penetrated last fall.

Phillips told newsmen there have been no reports of troop movements inside China.

The United States and South Korea are in an infinitely better military position than they were 13 years ago when the North Koreans poured across the 38th Parallel in a surprise attack.

The only American fighting men in Korea then were about 500 military advisers stationed with Korean forces. The last U.S. combat troops had been pulled out more than a year before.

The South Korean army in mid-1950 had only about 65,000 combat-ready men and was badly outgunned by the North Koreans. The South Korean air force numbered 22 planes.

Now, there are 50,000 American military men in South Korea, including the 1st Cavalry and 7th Infantry Divisions.

The South Koreans have a 500,000-man force equipped and trained by the United States. The U.S. 8th Army in Korea lives in a constant state of readiness. Heavy weapons are trained on Communist positions.

Backing up U.S. Army and Air Force units in Korea are 40,000 men on Okinawa, strong air elements in Japan, on Okinawa, in the Philippines and on Formosa. And the mighty 7th Fleet patrols the waters not far from Korea, one carrier task force always at the ready.

weapon.

The victim was Pegg y Jean Stovall, 12, of the Boardtown community. She was baby-sitting Tuesday with a boy, 8, and his sister, 5. Their names were withheld.

Midnight Wed. License Deadline

LITTLE ROCK (AP)—The state Revenue Department reminded truck owners Monday that midnight Wednesday is the deadline for purchasing truck license plates without penalty.

The department said the office in the State Capitol would remain open until the deadline. It said the North Little Rock substation will close at 8 p.m. Wednesday.

Revenue offices in the counties will close when the collector in charge thinks it should close, the department said.

50,000 Men to Korean Front

WASHINGTON (AP) — About 50,000 U.S. military men are in South Korea today, including the two combat divisions deployed beside South Korean units along the 150-mile width of the peninsula facing the Red Korean army.

The South Korean forces are believed to total about 500,000, including some air force and navy personnel.

The South Korean army is organized into 18 divisions.

Also still remaining in South

mate emerging from these developments. Many economists say this is illusory, however.

"It's certainly a lot easier to raise prices now than it was," said one, "but this is not any trend. At best, it's a very moderate drift."

The sugar and cocoa rises, these economists say, are highly individual things, having little to do with the general economy. And both, especially sugar, appear to be headed downward again.

Many business economists sum up the price-level situation this way:

Competition, both foreign and domestic, will make it hard for producers to push their prices very high very fast.

The high level of unemployment will discourage labor unions from pushing their demands too vigorously and forcing prices up.

The administration, faced with a continuing balance of payments problem, will continue to discourage any general price increases.

Korea as United Nations forces are small, token units from Turkey and Thailand.

steps to ensure greater security" of Ward.

The five charges against Ward are all misdemeanors although they carry a possible total penalty of 25 years in prison.

Ward, 50, an osteopath and artist, was found unconscious this morning by a friend, Noel Howard Jones, in whose Chelsea district flat he had spent the night.

A resident of the building said he understood Ward had left "lots and lots of notes."

A source close to Ward said that among the notes was one to Julia Gulliver, 22, his constant companion in recent weeks; one to Barry O'Brien, a newspaper reporter who testified in his defense at the trial, and one to his lawyers.

Ward, charged with two counts of procuring young girls for immoral purposes and three counts of living off the proceeds of prostitution, could get a maximum of 25 years in prison.

Ward is accused of operating a stable of prostitutes in which

China Raps U.S., Russian Test Treaty

By JOHN RODERICK

TOKYO (AP)—Red China officially rejected the U.S.-British-Soviet nuclear test ban agreement today in an attack on the Soviet government indicating Peking may be near a formal break with Moscow.

A government statement distributed by the official New China news agency said the Peking regime would not adhere to the pact initiated in Moscow last week because the agreement's main purpose was to bar Red China from obtaining nuclear weapons.

The statement described the partial test ban pact as a "dirty fraud" and said it was designed "to prevent all the threatened

Christine Keeler, the former mistress of ex-war minister John D. Profumo, and Marilyn (Mandy) Rice-Davies were star attractions.

peace-loving countries, including China, from increasing their defense capability."

"The indisputable facts prove," it said, "that the policy pursued by the Soviet government is one of allying with the forces of war to oppose the forces of peace, allying with imperialism to oppose socialism, allying with the United States to oppose China, and allying with the reactionaries of all countries to oppose the people of the world."

There is no record of a similar public criticism by the Peking government of the government of Russia. The language was the kind usually employed by a government which contemplates some serious step in relation to the other.

The Chinese and Russians have in the past few years used no less words to criticize each other. But until today they have done so only on the Communist party level.

Calendar

Engagement Revealed

Mr. and Mrs. Archie Hicks of McCaskill announce the engagement of their daughter, Ava to Billy Wayne Walston, son of Mr. and Mrs. Homer Walston of Nashville.

The wedding will be solemnized on August 4, 1963 at 3 p.m. at the Ball Chapel Church of Christ near McCaskill.

No cards will be sent.

Miscellaneous Shower

For Miss Lynda McBryde

Miss Lynda McBryde of Pine Bluff, bride-elect of Rex Marlon Easter, was honored with a miscellaneous bridal shower Saturday night, July 27 at the Heritage House with Miss Jo Ann Kidd, Mrs. Charles Flowers, Mrs. Dub Flowers, and Mrs. Hollis Moses, co-hostesses.

Mrs. Evva Reynerson greeted the guests and introduced them to the receiving line. There they met the honoree, her mother, Mrs. Cecil McBryde of Pine Bluff, and Mrs. J. B. Easter, mother of the future bridegroom.

Miss McBryde wore a white tulle dress with lace-trimmed neckline and skirt. She was presented a corsage of pink sweetheart roses.

Mrs. Dub Flowers and Mrs. Hollis Moses presided over the dining table, which was covered

with an embroidered white cloth and centered with a floral arrangement of pink asters and white stocks.

A silver coffee service and a crystal punch bowl graced the ends of the table where pink punch and coffee were served. Carrying and the white and pink color scheme, the buffet was decorated with crystal candleabra which held pink candles. Pink and white sherbet cake was served from the buffet.

Miss Jo Ann Kidd presided over the book; place on a table decorated with a bridal doll. The guest of honor received many lovely gifts displayed under the guidance of Miss Millie Flowers and Mrs. Charles Flowers. Other in the house party were Mrs. Cecil Kidd and Mrs. Joe Hollis. Approximately 40 guests called during the appointed hours.

Duplicate Bridge Club

On Monday night, July 29 the Hope Duplicate Bridge Club had a meeting at the Hope Country Club with 3 1/2 tables of players. Winning couples were: first, Mrs. Tully Henry and Mrs. J. C. Broyles; second, Mr. and Mrs. E. P. Young, Jr.; third, Mike Kelly and Dr. Harold Brents.

Triple "A" 4-H Club Meets

The meeting of the Triple "A" 4-H Club was called to order by the president, Jenny Lee Waters,

in the home of Phyllis Martin on July 29.

The opening song was led by Shirley Smith, the song leader. The 4-H Club Pledge and Pledge of Allegiance were led by Phyllis Martin and Carol Jane Sheppard. The minutes were read and approved.

After Frances Middlebrooks reported to the club about County Activity Day and Youth Day. Glenn Hollis and Sandy Carry reported on the Dairy Princess Contest.

Frances Middlebrooks and Jenny Lee Waters told about the State 4-H Activity Day in Little Rock, and Wallace Byers reported on his trip to Camp Couchdale.

Demonstrations were given by Shirley Smith and Wallace Byers with their topics as "how to cover a belt buckle" and "safty with tractors."

The devotional was given by Sandy Camp.

R. V. Tompkins had the surprise package and it was won by Phyllis Martin. Refreshments were served to the 16 present.

The next meeting will be with Carl Jane Sheppard on August 19.

Births

Mr. and Mrs. Richard Hunt of Dallas announced the arrival of their first child on Tuesday, July 30. It was a 7 lb. daughter. Grandparents are Mr. Les Stratton of Waco, Tex., and Mr. and Mrs. Dale Hunt of Ferriday, La., formerly of Hope.

Coming and Going

Mrs. Thomas E. Hays, Jr. and Tommy have returned home from a two-week visit in Muskogee, Okla., with Mr. and Mrs. Julian Pite.

Dudley Lackey of Pasadena, Tex., was a business visitor in Hope Tuesday.

Mr. and Mrs. Ralph Emerson and family left last week for their new home in Mexico City. Prior to their departure Oscar Garibay of Mexico City visited them here.

Mr. and Mrs. Geady Williams have returned from Ferriday, La., where they were the guests of Mr. and Mrs. Dale Hunt, from Natchez, Miss., and other southern points of interest.

Miss Sharon Foster has returned home from a school year in Madrid, Spain, and travel in several European countries this summer.

Mr. and Mrs. Claud Nunn have returned from Odessa, Texas, where they met Mr. and Mrs. C. V. Nunn, Jr. and took their grandson who had been visiting them for 6 weeks.

Thompson Re-elected
CLARKSVILLE, Ark. (AP)—Albert V. Thompson of Lead Hill was re-elected president of the Arkansas Milking Shorthorn Association in Clarksville Saturday. Don Brooks of Sileam Springs was named vice president and Frank Worely of Forum was made secretary-treasurer.

Miss Cox To Wed in August

Announcement is made of the engagement of Miss Freda Louise Cox to Jerry Wayne Rothwell.

The bride-elect is the daughter of Mr. and Mrs. Fred Cox, Tulsa, and the future bridegroom is the son of Mr. and Mrs. Hanson Rothwell, Tulsa, formerly of Hope.

Miss Cox was graduated from

Quapaw High School, Quapaw. She is employed in Tulsa.

A graduate of Daniel Webster High School, Jerry is a student at Tulsa Technical College where he is majoring in drafting. He is also employed in Tulsa.

Vows will be repeated August 24, in the Assembly of God Church, Quapaw, Oklahoma.

DOROTHY DIX

STOP, LOOK AND LISTEN!
By HELEN WORDEN ERSKINE

Dear Helen: I have a tendency to get carried away by enthusiastic emotion. At 16 I am taking my first trip alone and want so much for my mother to be proud of me—not that she isn't. It is my good fortune and pleasure to be allowed to go back East (we live on the West Coast) to spend eight weeks with relatives whom I love.

Since we rarely see one another this is a great treat and gives real reason for my nickname, "Lucky." Last summer we met at the World's Fair in Seattle. Those were some of the most wonderful days of my life. I enjoyed our companionship to the fullest, especially that of my cousin who is the same age as I, dates, wears make-up and is a typical teen.

My mother believes I should take my time about boys, dating, going steady and so forth. Geared as I am to this thinking, I've not yet got serious about any boy. But when it comes to make-up, that's something else again. During my junior year at high, make-up was a terrible emotional problem with me. I saw other girls attract the boys by making up, then sallying forth. They got their man; I didn't because I wasn't allowed to paint on powder.

I take out my longing for it by applying liquid powder, rouge, lipstick and eyebrow pencil in my room then scrape it off before bedtime and with it, emotional tension.

My mother always quotes your statement about "gilding the lily" when I have my fun in making up at home. Now, going away for the first time on my own, I need extra advice. Would you suggest some of your leaflets which might be of benefit to me while visiting. Being impulsive, I need restraint. Thank you for your won-

derful column. —A Happy, Typical Teen

Dear Happy: The fact that you're using these adjectives, "happy" and "typical" in characterizing yourself, indicates that you are well on your way to emotional maturity. You have already made a sensible compromise between your own perfectly natural desire for make-up and your mother's objection to it. But, as a senior in high school, you certainly wouldn't be guilty of "gilding the lily" if you used a light touch of lipstick and powder. Rouge and mascara are not necessary at your age.

Enthusiasm is one of the greatest assets anyone can have because it's contagious. Just don't let yours go out of bounds. An excess of even a good trait can be bad. As I've stated repeatedly in this column, one must strike a balance between reason and emotion in order to steer clear of life's pitfalls. Use your mind (which, incidentally, seems quite superior) as a brake to your impulses.

If you drive an automobile, I'm sure you've noticed that when you come to a major intersection where there is no traffic light, you have to stop, look, and listen, before proceeding. This is a safe rule to follow in every day life as well as on the road. Common sense safety regulations are designed not only to protect the driver, but also to protect others.

This word of warning applies to all behavior, whether at home or visiting. One special piece of advice I'd like to give you about visiting: Be adaptable. In other words, when in the East do as the Easterners do. There are bound to be minor variations. Keep your innermost feelings to yourself if they seem to run counter to the customs of your relatives. This doesn't mean that you should be hypocritical. You can remain true to your own standards and values, but do so with diplomacy and tact.

You mention the need of restraint. Generally the people who most need restraint are the ones least likely to recognize their need. Self-restraint, the goal of us all, is far better than super-imposed controls by others. Send

a stamped, self-addressed envelope for my leaflet, "On Being Popular."

Dear Helen: Today's men have their ego built up to the point where our marriages collapse like a pack of cards. They forget we wives can take just so much and then our ego must be built up too. Another trouble is that few husbands know what they want out of life—this vacillation indicates a real sickness to me. Any comment? —Have Had It.

Dear Have Had It: Your sweeping indictments sound as if they might be based on personal experience and, therefore, not necessarily applicable to the majority of marriages.

In a recent Gallup survey of almost 2,000 married women, 57 per cent describe themselves as "extremely happy," and 39 per cent as "fairly happy." Their most common single criticism of their mates is untidiness and carelessness about appearance. The next most frequent complaint is that husbands are too easy going. Egocentricity apparently is not one of their charges.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

'Hillbilly' Star to Open New Series

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP) — After CBS' "Beverly Hillbillies" topped last winter's popularity ratings, the network announced that Bea Benaderet, man-hunting Cousin Pearl in the show, would star in a new series called "Ozark Widow."

This led to speculation whether television was ready for two corned series. But the title of the show has been changed to "Petticoat Junction" and it bears not the slightest resemblance to "Hillbillies."

Miss Benaderet, a skillful actress in any role, developed a new character, primarily by reading the first script 75 times.

"It is in no way at all the child of 'Beverly Hillbillies,'" she said Tuesday. "It's comedy, but it's not farcical, and the comedy stems from character development."

The locale is deliberately vague so the viewer's own background and memories can place it. Bea plays an attractive, gray-haired mother of three and owner of a small town boarding house. Many plots revolve around passengers on a railroad spur line. Clothes are unobtrusively modern accents are easy but not recogniz-

able Deep South or Down East. "The show walks a rather fine line between legitimate situations and comedy," Bea said. "It's tongue-in-cheek but never unkind."

ABC has dreamed up a novel introduction for its "Breaking Point" series about psychiatrists. It's a two-part story that starts on "Ben Casey" Sept. 9. The Patient is referred to the doctor in "Breaking Point," which premieres a week later at the same time. Casey then moves to Wednesday night, starting Sept. 18.

Safecrackers Hit Pine Bluff

PINE BLUFF, Ark. (AP)—Safecrackers have been busy in Pine Bluff since July 4.

Yeggs have taken several thousand dollars in safe burglaries at a drugstore, a grocery store and a bakery.

Asst. Police Chief Bill Howard said no arrests have been made, but that several persons have been questioned. He said officers were not sure the same group pulled all three jobs, in which four safes were opened.

Hospitality Contestants Start Whirl

LITTLE ROCK (AP) — Thirty girls plunge into a whirl of activity next week, hoping to succeed Diana Arrey of Benton as Miss Hospitality of Arkansas.

The contestants will register in Little Rock Sunday, then tour the state by plane Monday and Tuesday. Written examinations will test their knowledge of Arkansas. They'll appear on television programs and go before the judges Friday. The winner will be crowned at halftime of the Arkansas High School All-Star football game in Little Rock Saturday night.

Contestants who already have entered include:
Paula Melton of Batesville, Barbara Ann Bahn of Blytheville, Veronica Dopuralla of Benton, Diane Jones of Cabot, Jackie Sanders of Camden, Annette Bennett of Carlisle, Suellen Taylor of Clarksville, Carolyn Bunch of Dr. Witt, Jeri Haynie of El Dorado, Barbara Brunt of Harrison, Laura Forbes of Heber Springs, Diane Kennedy of McGehee, Charlotte Eckel of North Little Rock, Sharon Baumgardner of Pine Bluff, Artie Hicks of Russellville, Linda Davis of Stuttgart, Patsy Conatser of Trumann and Sidney Gardner of Wynne.

Man Involved Child's Death Is Returned

RUSSELLVILLE, Ark. (AP) — Jerry Kitty Scheuer, 20, who is charged with failing to report the death of an illegitimate child, was returned to Arkansas Tuesday from Santa Ana, Calif., by Pope County Sheriff Otto Brinkman.

She is charged in connection with the deaths of two three-month-old girls whose bodies were found in a shallow grave near Ozark earlier this month.

Two men and a boy charged as accessories in the case were returned to Arkansas last week from New Mexico. They waived extradition, as did the Scheuer woman. All were held in the Pope County Jail.

The others are John Thomas Potts, 27, his brother, William, 14, and their father, Rhodes, 63. John Potts was quoted by Prosecutor Jeff Mobley as saying that he was the father of both children and that one died of natural causes and the other of accidental suffocation at a roadside park near Russellville while the group was traveling across Arkansas from California to Kentucky. Mobley said the group then turned back.

State Police said they could not determine cause of death because the bodies were too decomposed. It is a felony to fail to report the death of an illegitimate child. Mobley said the Scheuer woman was the mother of one of the children.

Arkansas law provides any marriage after 1941 is invalid if the man was less than 18 or the woman was less than 16.

Mrs. Wise met the requirement, but Wise said he was one month short of his 18th birthday.

Wise said he had his parents' permission to marry at 17, and he doubted the official in Magnolia who issued the license "had ever heard of the law."

A wave of re-marriages around the nation has been prompted by a U.S. Social Security Administration ruling that any person not legally married cannot qualify for surviving spouse benefits.

During the days a four pioneer forefathers and mothers, when a new family moved into the country and took up a piece of land, neighbors for miles around would gather and help build a house. This was called "house-raising".

C&B Drug Store Sunday night. Police said the break-in was discovered at 9 p.m. by a roving watchman who had last checked the property at 7 p.m.

SHORTY A 2-Minute Short Story

Copyright 1963 by Newspaper Enterprise Assn.

THE SAD STORY

By CHARLOTTE MISH

Most of my literary output has been of a humorous turn, but I confess to a secret yearning to write a sad story—the kind editors don't like because they leave the readers with an uncomfortable wish - it - might - have - turned - out - differently feeling. So, if you will pardon my yearning, I'll be getting on with it, and to expedite matters I'll name my characters simply the Boy and the Girl—for, up to a point, the story is true.

The Girl sat in her room, an open book in her lap, trying to read; but her tear-red eyes wandered out of the window, observing absently the slate-gray roofs and the rain falling dully. It was a day of unhappiness. The Girl had quarreled with the Boy. She loved the Boy, but the quarrel had ended everything between them. It began over some trifling thing so small neither could remember what it was, but angry words had piled upon angry words until they had constructed an almost impassable barrier. Then the Girl had returned the Boy's ring—the sparkling solitaire she had been so proud to wear.

As she recalled these events, a knock sounded on the door. Her heart stopped momentarily, then beat rapidly. Though she barely realized it herself, she had been waiting for the Boy to come back—or for him to send a message.

She dashed at her eyes, arose and opened the door.

Disappointment met her, though she tried to give a smile of welcome to the young woman who stood there.

"Come in, Margaret," she said. The other girl entered. Her hostess closed the door, trying to compose herself while doing so, then sank into her chair again. For a while they talked, then Margaret saw a tear glide down the Girl's white cheek.

"What is it, dear?" she asked. "It's nothing," the Girl said, but belied herself by breaking into sobs. "Oh, everything's wrong," she cried. "I want to die! We quarreled, the Boy and I. If he would only write one little line and ask forgiveness, but he doesn't care. He doesn't care!"

The Boy at that very moment was pacing up and down his room—nine feet one way; nine feet back—muttering savagely under his breath almost the same words: "She doesn't care, I might as well."

Wise said he and his wife decided on a new marriage after discussing the situation with an Arkansas clerk of court a few days ago.

Arkansas law provides any marriage after 1941 is invalid if the man was less than 18 or the woman was less than 16.

Mrs. Wise met the requirement, but Wise said he was one month short of his 18th birthday.

Wise said he had his parents' permission to marry at 17, and he doubted the official in Magnolia who issued the license "had ever heard of the law."

leave at once. I can't stand it any longer." He took a railroad ticket from his pocket and glared at it. Then, with an abrupt change of feeling: "What a fool I am! She must care! Surely such a trivial quarrel shouldn't separate us forever. Perhaps if I write her she'll forgive me!"

He sat down and wrote. He told her he was sorry about the quarrel, asked her pardon, related how unhappy and restless he had been. The letter ended: "Should I not hear from you by evening, I'll know you won't want to see me again, in which case I'll be leaving the city in the morning. I have my ticket and was about to go without telling you, but I couldn't, after all, I love you, you know." He signed the letter, folded it and sealed it in an envelope, writing merely the Girl's first name across its face. He now went out into the street; found a youth with

The quarrel began over a trifling thing.

A bicycle, gave him a dollar and told him about the little apartment house around the corner and which letter-said to drop the envelope in.

The youngster pedaled away, whistling. The rain ceased. The air was moist and delicious. As the bicycle swerved around the corner into the street where the Girl lived, the brakes of an approaching truck shrieked but the tires failed to grip the slippery asphalt. There was a brief, sharp cry and the youth's body lay limp

ly near the curb.

Later a passerby found a crumpled, mud-stained envelope in the gutter. It bore only a girl's first name. Being of a neat turn of mind, he deposited it in the container bearing the sign, "Don't be a litterbug."

Protest Truck Tag Sales Refused

LITTLE ROCK (AP)—Revenue Commissioner J. Orville Cheney said Tuesday his department had refused to accept applications from persons attempting to buy regular state truck license tags under formal protest.

Cheney said only the state income and sales taxes could be paid under protest under Arkansas law.

Act 73 of 1963 prohibits low-cost state Natural Resources tags on trucks hauling stone for river bank stabilization and reclamation projects. The act, which is under court attack, touched off the attempt to buy regular tags under protest, Cheney said. He said the truckers told him they had heard this would facilitate a refund if the act is ruled invalid.

Cheney said the department had a refund payment account which it could use to correct overpayments or other errors.

Harrison Leases Water Supply

HARRISON, Ark. (AP)—The city of Harrison has leased the output of Millum Spring, increasing the city's water supply by an estimated 75 per cent in an effort to alleviate a severe water shortage.

The spring, located 3,350 feet upstream on the East Fork of Crooked Creek, was leased from the executors of the estate of the late state Sen. Roy W. Millum.

Mayor Dene O. Hester said the city would pay \$1,200 a year for the spring's output, estimated by City Water Superintendent L. L. Brown at 700 gallons a minute.

Water from Jenkins and Mitchell Springs now supplies the city. Brown urged two weeks ago that the city tie on to another spring, cautioning that two more weeks of drought would produce a "real serious situation."

Firemen's Tax Share \$405,256

LITTLE ROCK (AP)—State Insurance Commissioner Harvey G. Combs said Monday that firemen's pension funds in 191 cities will share \$405,256 in taxes on \$19,781,060 in fire, marine and tornado insurance premiums collected in the cities last year.

The tax was \$10,285 more than the amount collected in 1961.

Payments to firemen's pension funds in cities, the 1963 payment compared with the 1962 payment, included:

Fort Smith, \$25,322 and \$22,362; Pine Bluff, \$7,077 and \$17,514; Hot Springs, \$16,267 and \$14,259; Jonesboro, \$11,085 and \$10,661; El Dorado, \$10,160 and \$10,118; Blytheville, \$8,794 and \$8,974; Texarkana, \$8,126 and \$7,934; Camden, \$4,898 and \$5,300; De Queen, \$2,285 and \$1,634.

No Shortage of Coins in State

LITTLE ROCK (AP)—Fred Burton, manager of the Little Rock branch of the Federal Reserve Bank, said Monday Arkansas has not yet been affected by a coin shortage which is plaguing parts of the nation.

Miss Eva Adams, director of the U.S. Mint, said Sunday that vending machines were removing small change from circulation in many areas.

The Denver and Philadelphia mints are working around the clock making coins to replace those removed from circulation, Burton said.

Mortgages Loans Hit \$341 Million

LITTLE ROCK (AP)—The Institute of Life Insurance reported Tuesday that life insurance companies had \$341,430,000 in mortgage loans in Arkansas when this year began.

Real estate loans covered 29,670 mortgages.

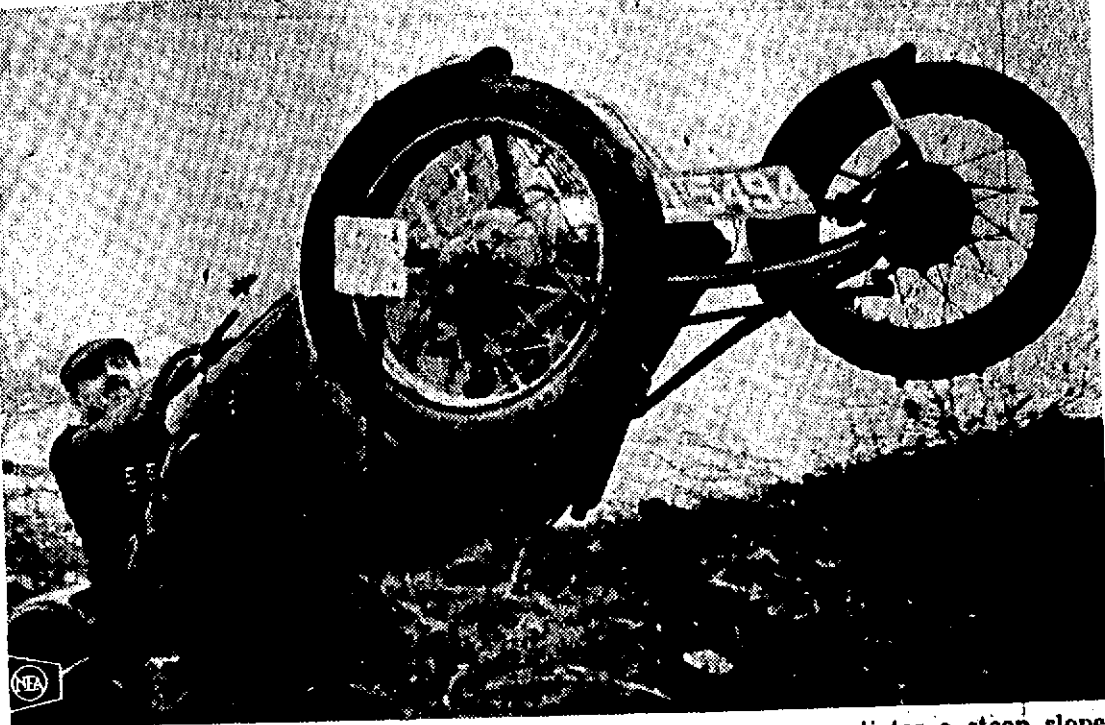

The breakdown shows 5,440 farm mortgages for \$132,288,000; 12,990 non-farm FHA-insured homes mortgaged for \$96,009,000; 6,640 non-farm Veterans Administration-insured homes for \$41,592,000; and 4,600 non-farm mortgages for \$71,541,000.

When To Fish or Hunt Solunar Tables

The schedule of Solunar period shown in regular type, are of somewhat shorter duration, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, Minor Major Minor Major

TRIAL BY FURY—A driver in an English Trials Auto Race negotiates a steep slope near London with front wheels dangling in the air. The awkward vehicles used in these contests resemble delicate antiques, but are really quite sturdy, doncha know, old chappie.

SON OF SUBMARINE—A toylike, battery-powered midget submarine hobs at its berth at a Monterey, Calif., dock. The two-man sub is to be used by the U.S. Fish and Wildlife Service to probe the depths of the Gulf of California in a study of fish behavior. The 16-foot, 2,300-pound craft can cruise underwater for four hours and descend to more than 100 feet.

Would Use Money for Auditorium

HELENA, Ark. (AP)—An advisory committee has recommended that the city of Helena use all but \$25,000 of the \$250,000 left in a trust fund for the city to build an auditorium in a civic center-city hall complex.

The money was left to the city in 1961 by the late Biscoe Hindman, who stipulated that it be used for a "suitable memorial" to his father, Maj. Gen. Thomas C. Hindman, one of Helena's famous Confederate generals.

The \$25,000 will be placed in trust for the perpetual upkeep of the Confederate Cemetery, the Hindman Memorial Monument and the Hindman family lot in the Maple Hill Cemetery.

The City Council is expected to seek federal matching funds for construction of the auditorium.

Little Rock got \$50,000 from the Hindman estate, the State of Arkansas \$100,000 and the University of Arkansas the remaining \$400,000. Like Helena, Little Rock and the state have to spend their shares for memorials to Gen. Hindman. The university was allowed to use the money for any "permanent and useful purpose."

The state will erect a memorial at the Prairie Grove Battlefield. Little Rock has banked its share and the university has put its \$400,000 away to be utilized "in keeping with the desires of Mr. Hindman."

May Retaliate on Trade Restriction

WASHINGTON (AP)—Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, said Tuesday the United States may be forced to retaliate against European trade restrictions on American products.

"To be very plain about it," Fulbright said, "I don't see how the European Economic Community can expect the United States to maintain large armed forces in Europe if we are not able to trade with them."

He said the situation toward U.S. poultry exports "looks hopeless."

"I don't see how we can possibly avoid retaliation if they refuse to take our agricultural products," Fulbright said. He mentioned foreign cars, among other things.

The remarks came during committee questioning of W. Michael Blumenthal, who was unanimously approved as deputy special representative to Chief U.S. Trade Negotiator Christian A. Herter.

Bids on Repairs

LITTLE ROCK (AP)—Secretary of State Kelly Bryant said Tuesday that bids for a new roof on the capital and other repair work

Express Cost Has Increased

LITTLE ROCK (AP)—Henry C. Gray Jr., director of the Highway Department's Right of Way Division, said Tuesday increases in land cost since 1960 have upped by \$250,000 or more the cost estimate for right of way for the proposed U.S. Highway 65 Expressway through Pine Bluff.

The estimate made in 1960 was \$1,500,000, Gray said, and the new one is "\$1,750,000 plus."

The Pine Bluff Chamber of Commerce had requested the new estimate. It hopes to reduce the cost by suggesting slight changes in the route accepted Aug. 23, 1960 by the Highway Commission on the basis of extended surveys and public hearings.

Assessments of Utilities Up

LITTLE ROCK (AP)—Earl Berry, director of the Tax Division of the state Public Service Commission, said Tuesday that utility property assessments of utilities increased \$6,411,920 this year.

Assessments certified to counties totaled \$280,923,255. Berry said the figure did not include assessments of airlines, motor carriers and barges. These have not been completed.

Utility assessments have increased for nine straight years.

Assessments are based on 20 per cent of an estimate of what the property would bring on the open market, Berry determines the values, but his decisions are subject to court appeal.

Named Arkansas Judiciary Chief

LITTLE ROCK (AP)—Walter R. Niblock, a Fayetteville attorney, was appointed Tuesday as executive director of the Arkansas Judiciary Commission.

The 1963 legislature created the commission to conduct a survey of the state's judicial system from the Supreme Court to justices of the peace. Its findings and recommendations are to be reported to the 1965 legislature.

Commission Chairman John A. Fogleman of West Memphis said every county in the state would be included in the survey because no one county could be considered typical of the state as a whole.

Other commission members are Walter E. Hussman of Camden, Russell Benton of Salem, M. T. Hickling of Little Rock, Clayton Little of Bentonville, former Chancellor James Pilkington of Hope and retired Circuit Judge Aubrey Strait of Morrilton.

He would be opened Aug. 9 by state Purchasing Agent Mack Sturges. The project also will include the cleaning of buildings and other stone-work that has been weakened by rain and weather.

Palmer Earnings Total \$96,995

DUNEDIN, Fla. (AP)—Arnold Palmer has won a record \$96,995 in 17 golf tournaments this year and young Jack Nicklaus is not far behind with \$79,550 in prize money.

Third on the list of Top Ten money winners released by the Professional Golfers' Association is Julius Boros with \$69,996. Fourth is Tony Lema with \$62,513 and fifth is Gary Player with \$48,775.

No Reports Yet on Garland Flood

WASHINGTON (AP)—The Office of Emergency Planning said Tuesday it had not received field survey reports on a request for flood relief money for Garland County, Ark.

Rep. Oren Harris, D-Ark., had notified Garland County Judge Lon Warneke earlier that the OEP was to examine the reports Tuesday.

OEP grants would be used for temporary repair of public facilities damaged by a flood July 16.

Dodgers Lose, Giants Win to Close the Gap

By MIKE RATHNET
Associated Press Sports Writer

The New York Mets, who hold a first mortgage on the brink of disaster, marched back from the precipice today after ending their 22-game losing streak on the road.

Tracy Stallard kept the Mets from setting an all-time record for consecutive losses away from home by spinning a four-hitter that beat Los Angeles 5-1 Tuesday night and trimmed the Dodgers National League lead to 3½ games over San Francisco.

Willie Mays and Willie McCovey supplied the firepower for a 5-0 Giants victory over Philadelphia. It was the ninth straight triumph for the San Franciscans, who were 10 games behind Los Angeles 10 days ago.

Stallard served up Roger Maris' 61st homer and was on the mound when the Mets set a modern record for road losses by dropping their 20th straight away from the Polo Grounds.

But the 25-year-old right-hander the winner when the Mets last won on the road June 15, may never have been sharper than on Tuesday. He allowed only two runners beyond second base in sending the front-runners down to their seventh defeat in 10 games.

The victory left the Mets tied in the record book with the Pittsburgh team of 1890 at 22 road losses.

Third-place St. Louis closed to within four games of the Dodgers by beating Cincinnati 7-5 as Ernie Broglio checked the Reds on one run in 6-1-3 innings of relief work. Milwaukee bombed the Chicago Cubs 9-2 and Pittsburgh walloped Houston 8-1.

The American League-leading New York Yankees maintained their eight-game bulge by downing Kansas City 6-2, the Chicago White Sox defeated Washington 5-1, Baltimore drubbed Detroit 9-0, Minnesota took Boston 6-3 and the Los Angeles Angels edged Cleveland 6-4 in 10 innings.

The Mets, after losing 10 straight on the current road trip, collected 14 hits against the Dodgers in support of Stallard, who struck out six and walked one in bringing his record to 4-9. Ken McMillen's homer spoiled his shutout. Frank Thomas hit his ninth homer, off loser Bob Miller, 7-7.

Mays slammed two doubles and a single and McCovey hit his 31st homer, a three-run shot, to back up the shutout pitching of Billy O'Dell. O'Dell, nicknamed for 11 Philie hits, posted his first victory since June 22 while boosting his record to 11-6. McCovey regained the majors' home run lead when he connected against Ray Culp, 10-9.

Broglio, 11-7, struck out seven in his relief stint. Bill White and Charley James homered for the Cardinals, whose three-run fifth tagged Joe Nuxhall, 8-5, with the loss.

Fireballer Guns Down Syracuse

LITTLE ROCK (AP)—Fireballer Gary Kroll gunned down 12 Syracuse batters Tuesday night as the Arkansas Travelers earned an 8-4 international league baseball victory in Little Rock.

The victory was Arkansas' fifth against eleven defeats by the Maple Leafs and marked the last of the season's series between the two.

Elsewhere in the International League, Rochester downed Jacksonville 4-2, Toronto defeated Atlanta 4-1, Indianapolis trounced Columbus 10-3 and Buffalo dropped a doubleheader to Richmond 4-3 and 8-2 with both games going eleven innings.

Kroll went all the way for Arkansas, pushing his record to 10-5. Syracuse starter Dale Willis was tagged with the loss, his second against no triumphs.

The Travelers broke it open in the sixth inning with the score tied 2-2 and stayed on top the rest of the way.

With the bases loaded and one man out, Norm Gigon touched Willis for a two-run single down the third base line and Wayne Graham followed with a run-scoring sacrifice fly to deep left. Richie Allen completed the five-run inning for Arkansas with his 20th homer of the year.

Syracuse 011 000 0-20 4 10 1

Arkansas 010 015 018-8 16 1

Willis, Dustal (6), Carey (8) and Moore; Kroll and Lipski.

Pro-All Star Game Shapes for Friday

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP)—When the All-Stars and Green Bay Packers meet in football's midsummer classic Friday night, one or more of the collegians will have their names inscribed in a growing book of memories.

Year after year since the game was inaugurated in 1934, youngsters from college use the game as a stepping stone to greatness in the professional ranks.

Every member of this year's 50-man squad will go to a pro camp, 40 to the National Football League and 10 to the American League. Some will fail to make the pros, some will become journeyman players and a few will achieve the distinction of playing for a championship team and will return to face future All-Star teams in Soldier Field.

It was back in 1937 when the All-Stars defeated Green Bay 6-0. A young man named Sammy Baugh threw a 22-yard pass to Gaynell Tinsley who dashed the remaining 25 yards for the game's only score.

The following year Cecil Isbell and Johnny Kovach combined on a 39-yard touchdown pass to get the All-Stars rolling towards a 28-16 triumph over Washington.

Two years later, Isbell returned as a member of the Green Bay Packers. He threw three touchdowns, two to Don Hutson, and guided the Packers to a 45-28 victory.

It was in 1943 which Otto Graham, present coach of the All-Stars had his moment of glory. Graham intercepted one of Baugh's passes and ran 97 yards en route for a record-setting 27-7.

Yanks Maintain Lead; Angels in 5th Straight

Associated Press Sports Writer

They aren't flying high, but it appears the Los Angeles Angels have at least gotten off the ground.

The surprise team of last year, a third-place finisher in its second season, has been a surprise this year too—in reverse.

After spluttering through April, May and June, the Angels went into a dive at the start of July into a dive at the start of July and as late as five days ago were in eighth place. But five straight victories have carried them to sixth—the highest they've been in a month.

The Angels' latest victory came Tuesday night at Cleveland when they frittered away a four-run lead, then won 6-4 with two runs in the 10th inning.

The New York Yankees kept their eight-game hold on the league lead by beating Kansas City 6-2 with four runs in the eighth inning. Chicago's second-place White Sox rimmed Washington 5-1.

Baltimore had 18 hits and Milt Pappas pitched a four-hitter as the Orioles blasted Detroit 9-0. Vic Wertz's pinch single sparked a five-run sixth inning that carried Minnesota over Boston 6-3.

In the National League the New York Mets ended an 11-game losing string and a streak off 22 defeats on the road with a 5-1 triumph over the first-place Los Angeles Dodgers. San Francisco won its ninth straight and moved to within 3½ games of the top, beating Philadelphia 5-0; St. Louis tripped Cincinnati 7-5; Milwaukee clouted the Chicago Cubs 9-2, and Pittsburgh whipped Houston 8-1.

Ken Hunt singled in the Angels' decisive run in the 10th inning after a double by Felix Torres and an intentional pass to Leon Wagner. Wagner came in on a Cleveland error.

John Blanchard, back in the line-up after being sidelined for five days with bronchitis, pushed the Yankees ahead 3-2 in the eighth with a line single off Moe Drabowsky. Clete Boyer drove in two more with a hit, and another crossed on a wild pitch by John Wyatt.

Jim Bouton won his 14th with a seven-hitter, getting the most trouble from the Athletics' hot-hitting shortstop, Wayne Causey. He smacked a homer and two doubles, giving him 13 hits in his last 25 at bats.

Dave DeBusschere was within one out of his first complete game and first shutout in the majors when the Senators scored — and chased him — in the ninth with singles by Chuck Cottier and Jim King and an error. Jim Brosnan got the final out.

Jim Lemons' three-run homer and Mike Hershberger's two-run single were the big White Sox hits, off Washington's Don Rudolph.

Laws Can't Change the Attitudes

EDITORS NOTE—Is it true that Americans want better homes for Negroes—but not next door? The President's attempt to solve this knottiest of racial problems by White House order has been attacked. It hasn't worked, doesn't go far enough; it goes far, it will hurt homebuilding. Some say it will even spawn a political "white man's party." The man who gives his views in this exclusive interview.

By STERLING F. GREEN and W. B. RAGSDALE JR.

WASHINGTON (AP)—President Kennedy's housing chief said today he believes the presidential ban on racial bias in federally aided housing inevitably will be extended to other housing.

Dr. Robert C. Weaver made the prediction in an interview, even though he conceded that "you cannot change attitudes by law" or executive orders.

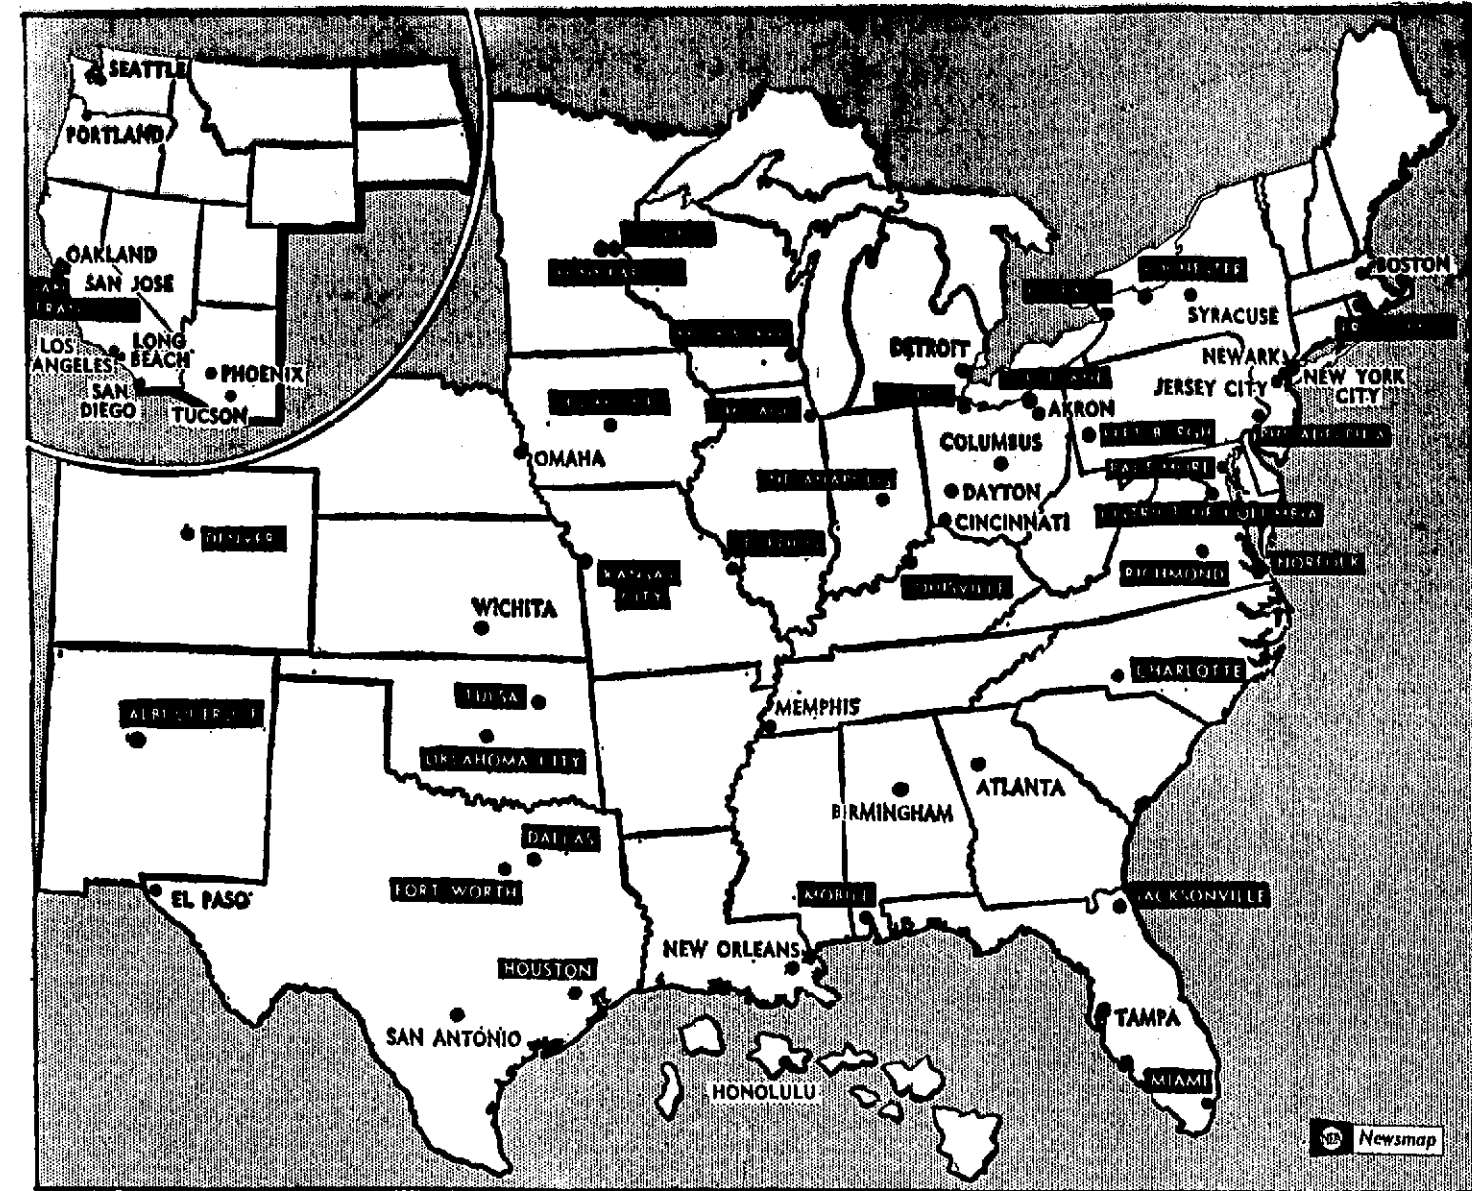

He also agreed that many Negroes will continue to prefer living in Negro neighborhoods in "voluntary segregation" even if racial barriers are dismantled in white neighborhoods and suburbs.

But Weaver held that the hostility of white householders to Negro neighbors has been exaggerated, that behavior can be changed by law even if attitudes can't be, and that "the American people do adjust to new circumstances."

As administrator of the Housing and Home Finance Agency—the highest executive post ever held by a Negro—Weaver rejected other frequent criticisms of the order, including charges that it will depress homebuilding and hasn't noticeably helped Negroes, yet is speeding the flight of whites to the suburbs.

The partial question-and-answer text:

Q: Dr. Weaver, a recent book titled "But Not Next Door" pictures an attitude expressed in the quotation, "We don't want to deny Negroes the right to decent homes, just as good as ours—but not next door." Is this a common

MARCH OF FLUORIDATION—Of the nation's 61 most populous cities, 27 have fluorides added to their drinking water, another has approved fluoridation (Detroit) and five have natural fluoridation (Houston, Dallas, Fort Worth, Albuquerque and Jacksonville). Addition of fluorides to water is designed to strengthen human teeth against decay. Newsmap spots these 61 cities. Those with fluoridation are named in black boxes. In many cases, total number of persons drinking fluoridated water is greater than the city's population because surrounding suburbs may buy water

from the city. For instance, over 3.5 million persons in Chicago drink fluoridated water, plus 300,000 others in 58 suburbs using Chicago water. Detroit will begin fluoridating in 1964, affecting 3.5 million people in the city and 53 suburbs. New York's mayor plans to inaugurate fluoridation before the end of 1963. Over the nation as a whole, more than 51 million Americans in 4,251 communities were drinking fluoridated water at the end of 1962. Of these, 7.2 million had natural fluoridation, 43.8 million had controlled fluoridation.

No French Stability for Future

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—French President Charles de Gaulle, in front of a splendid red silk curtain, talked to a news conference 80 minutes Monday and brushed off as if it were stupid one of the most important questions.

He was asked his ideas about a successor.

De Gaulle, 72, has another three years to go as president. When he took power five years ago, France, in political chaos since World War II, was teetering toward civil war. Politics were a nightmare.

After five years, he has failed to achieve lasting political reform or to provide for what comes after him. He once said "After me a mess."

Thus, while his whole career has been dedicated to the restoration of French grandeur and influence, he has done little to make sure France after him will have the stability necessary to endure.

For this reason, he gives the impression of a mystic trying to play a celestial slot machine.

For years he has pulled the lever, seeking the right combination to fit his dreams: a new Europe under French leadership, a firm new relationship with Germany, perhaps a new relationship with the Soviet Union and an undeniable place for himself in history. It has eluded him.

But he acts and talks, as he did Monday, as if it were only a matter of time when somehow, perhaps because it's De Gaulle wishing it so, he will give the lever a magic pull and hear that tinkling, tumbling sound that means a jackpot.

Three years ago in Washington, to Congress and newsmen, he made easing relations with the Soviet Union "paramount."

That was just three weeks before Premier Khrushchev broke up the summit conference in Paris with De Gaulle, President Dwight D. Eisenhower and British Prime Minister Harold Macmillan.

But last week Khrushchev finally agreed with the United States and Britain on a nuclear test ban in the atmosphere, outer space and under water. De Gaulle wanted no part of it. He said the world situation hasn't changed "one whit." He said France would

effect changes in behavior. Laws are sometimes educational materials.

Q: Are any significant changes visible since President Kennedy's executive order prohibiting bias in government-aided housing? The order, issued last November, forbids racial discrimination in public housing and dwellings financed with Federal Housing Administration mortgage insurance or Veterans Administration loans or guarantees.

A: Yes and No. As far as definitive results are concerned, it is too early to make conclusions. As far as the prophecies of war and disaster are concerned—to the effect that this would dry up the building industry and, as one spokesman for the building industry said, cut down housing starts by 34 per cent—actually we had in May the highest volume since 1950.

not join.

Khrushchev last week talked of an East-West nonaggression pact. Maybe it's a pipe dream. But De Gaulle made it impossible by saying France wanted no part of that, either.

He said France treasures the Western Alliance nations. But he's unhappy with NATO, the military organization which gives the alliance meaning.

He said France will go on making nuclear weapons, unless the United States and the Soviet Union destroy theirs. This is so far in the future it's invisible. So France has a good excuse, by De Gaulle's reasoning, to go on making weapons.

On June 25 President Kennedy pledged in Germany—certainly for the benefit of France—to risk the destruction of American cities in defense of Western Europe.

Two days later De Gaulle told what he thought of this through his information minister, Alain Peyrefitte, who warned Europe against trusting its security completely and indefinitely to the United States.

He said no one knows what Washington's policy will be 10 years from now, after Kennedy's presidency, and mentioned that American neutrality in 1914 and 1939 do not inspire confidence now.

By this same reasoning of De Gaulle it would be impossible for the United States to trust France as an ally for 10 years. De Gaulle also probably will be gone and even he doesn't know what kind of France there will be then.

Union Pact Affects State Workers

BENTON, Ark. (AP)—A new contract signed last week by the United Steel Workers of America (AFL-CIO) and five major aluminum companies will affect 2,600 workers in Saline County, a union representative said Monday.

Allen Bryant, sub-district director for the steel workers, returned to Benton Friday after attending a three-week meeting at New York between representatives of the union and the aluminum industry. He was one of five union representatives from Saline County to attend.

In discussing the new contract, Bryant said it would put six to eight per cent more people to work in Reynolds and Alcoa plants in the county.

The contract provides that every man eligible for a vacation gets ten weeks vacation with 13 weeks pay every five years beginning Jan. 1, 1964 and continuing through 1969, Bryant said, explaining that the plan was aimed at putting the unemployed back to work.

He added, "However, we don't have many unemployed in the aluminum industry right now."

Bryant said the new employment would be made available for persons who would fill in while other employees were off on their ten week vacation.

Contract negotiations also covered increased insurance on employees, scheduling of overtime, improved retirement, terminations and vacation plans and grievance procedure.

Others from Benton who attended the New York meeting were Pat Richards, president of Local 333, Reynolds; Warren Parsons, president of local 323, Reynolds;

Wreck Injuries Prove Fatal

LITTLE ROCK (AP)—Mrs. Orville Stobaugh, 55, of Morrilton, died in Little Rock hospital Monday after being injured in a two-car head-on collision 20 miles west of Little Rock on Highway 10.

Her husband was hospitalized at Little Rock in satisfactory condition. Mrs. Fay Wallace, 66, and Joyce Richardson, 9, both of Little Rock, were seriously injured. State Police Capt. Melvin DeLong said Mrs. Wallace's car, in which the Richardson girl was

Billy Bishop, president of Local 4800, Alcoa and Cary Ball, president of Local 323, Alcoa.

Urges Whites to Protest for Rights

VICKSBURG, Miss. (AP)—The Imperial Dragon of the Ku Klux Klan in Arkansas, Mississippi and Louisiana has called for mass demonstrations to counter Negro civil rights activities.

The leader, who declined to be identified, said Sunday that the Klan is strong enough in Louisiana to carry out an effective program. He said it is gaining strength in Mississippi and Arkansas.

"There are no reasons why the white people cannot retaliate for their equal rights," he said. He

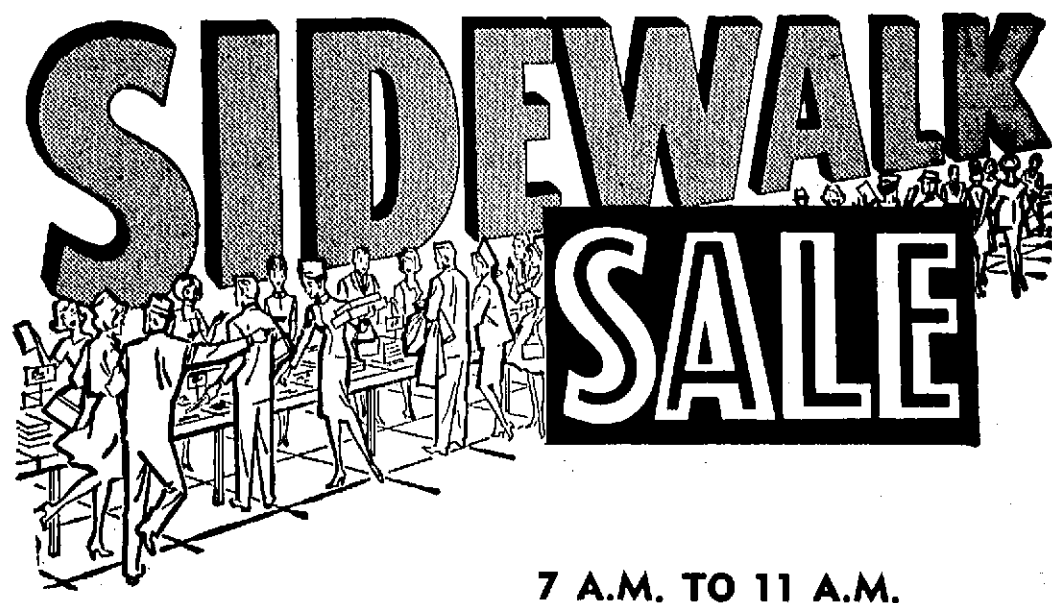

riding, went out of control and hit the Stobaugh car head-on.

School Officials Plan Conference

LITTLE ROCK (AP)—The summer meeting of the Arkansas School Administrators Association, a department of the Arkansas Education Association, is expected to bring some 300 persons to Little Rock Thursday and Friday.

Richard Morgan, counsel for the National Education Association, will address the group Thursday night.

said a meeting would take place within 15 to 30 days with Robert W. Shelton Jr., Imperial Wizard of the Klan in Alabama and Georgia, to plan activities.

REPHAN'S

SCHOOL OF ANGLERS—When one wants to fish for "weke" in Hawaii, he can join a group and wade out into the water up to his waist and wait. This group, fishing off Oahu Island near Honolulu, with Diamond Head in the background, did just that, and had lots of fun, some even got fish.

There Are Many Things We Could Do Without and Here Are Some Prime Examples

By HAL BOYLE

NEW YORK (AP)—Things we could all do without:

Career women who demand equal status with men, but don't do their fair share of pushing while going through a revolving door.

Girls with lipstick that makes them look like Dracula's daughter at mid-day.

Middle-aged ladies who say, "Oh fudge," or, "My, isn't that yummy!"

Girls who say they never eat anything but a smidgen of tuna fish salad for lunch, but always order a one-pound sirloin steak when you take them to dinner.

People who buy astrology books and also insist professional wrest

ling is on the level.

Bermuda shorts in the office. Cocktail guests who draw diagrams on your living room walls while trying to explain the principles of nuclear fission.

All snarly little dogs that look like ambulant mobs—and sneak up and bite your ankle if you turn your back.

Parents who brag of being able to help their kids do their homework in Algebra.

Friends who never have anything smaller than a \$20 bill when we ride with them in a cab.

Heat waves Monday through Friday followed by rainy week-ends.

Any man over 50 with a full crop of hair and all his own teeth.

People too dainty to pick up fried chicken in their hands and eat it.

Airplane nostesses who won't bring you lukewarm tea until every other passenger has been served hot coffee.

Men's shoes without shoelaces, and secretaries who come to work wearing ballet slippers.

Magazines in multicolored inks that come off on your hands and make them look like five-gingered rainbows.

Men who always have a folded handkerchief tucked in their breast pocket.

Drivers behind you who honk their horns impatiently the moment the light turns green.

Paperback books that cost more than hard cover books used to.

All girls over 25 who wear tight sweaters and all men over 30 who wear tight pants.

Any party at which they pass out silly hats to get you in the right spirit of fun.

Overnight guests who forget to

SAFETY SWITCH—One complaint about seat belts is that some people install them in their cars but don't use them. Well, it can't happen with the belt worn by the pretty miss above. Either it is fastened—or the car won't start. The belt is equipped with an "electronic watchdog" manufactured by Maurer Safety Devices, Inc., that won't permit the ignition to work until the belt is buckled.

bring a toothbrush and get mad if you offer them an old one instead of a new one.

Doctors who can't find out what's ailing you without first sending you to a hospital where they give you 27 specialized tests.

Wives who take judo lessons.

Any woman who proclaims in public her desire to be the first of her sex to land on the moon.

Yest, from all these, dear Lord, deliver us. Amen!

Difference in Private, Public Image

By JAMES BACON

AP Movie-Television Writer

HOLLYWOOD (AP)—A movie star's public image is one thing. Often, the private image is another.

If you have seen John Wayne on scene then you know the real John Wayne.

Most people don't know the real Bing Crosby. If you have seen the old groaner trading quips with Bob Hope, you've pegged him as an extrovert. Wrong. Bing is shy.

That's why he spends most of his time fishing in the wilds of Idaho or off Baja California.

Hope is Hope. So is Red Skelton who, if anything, is funnier off-stage than on. Once Red drove me off the lot at CBS television city. Instead of waving to the guard at the gate, Red called him over.

"Officer," whispered Red, "I'm the warden and this man is a trusty. I'll vouch for him."

Jack Benny, one of the funniest comedians alive when on, is just the opposite off. He's a laugher, usually at anything George Burns says.

A star's public image has a peculiar effect on boxoffice. Most famous example is the Liz Taylor-Eddie Fisher-Debbie Reynolds triangle a few years ago.

Liz' public image is that of the femme fatale. Her movie price went up to a million dollars after the headlines broke.

Debbie, the All-American girl, moved easily into the image of the suffering wife. Her next year was the best of her career.

But Eddie's career nosedived. He was the All-American boy crooner miscast as the All-American philanderer. Now, he's doing better because he got public sympathy as the wronged party in the "Cleopatra" shenanigans.

Some public images are so phony that press agents shudder every time a new magazine article appears.

Pastor Would Train Negroes

PHILADELPHIA (AP)—A Negro pastor has set in motion a plan to create an Opportunities Industrialization Center that will train thousands of Philadelphia Negroes—and whites, too, if they desire—in such skills as engineering, drafting, electronics, chemistry and cabinetmaking.

The Rev. Leon H. Sullivan said Monday night at an organizational meeting at his Zion-Baptist Church that the project will be called "Opportunities, Inc." with its purpose "the training and re-training of our people by ourselves."

He said he hopes to get the center opened by Sept. 1 and will seek public and foundation funds for its support.

"We are not waiting any longer for others to train our own people," the Rev. Mr. Sullivan told a group of 100 Negro technicians. "We have been waiting all these years and now we're going to do it ourselves."

Sees More Red Aggressiveness

WASHINGTON (AP)—A State Department spokesman held open the possibility today that the new Communist incursions into South Korea are "linked to wider developments" of Red aggressiveness in Asia.

Press officer Richard I. Phillips noted the reported Red Chinese buildup along the Indian border and what he termed continued Communist pressures in Viet Nam and Laos.

He declined to speculate whether the developments reflect the Communist Chinese split with Russia over the Soviet call for "peaceful coexistence," or Peking's disapproval of the U.S.-British-Soviet test ban treaty.

The Chinese Reds say a hard line should be pursued against the West.

The North Koreans are followers of the Peking line.

Wants Action on Tax Cut Bill

WASHINGTON (AP)—President Kennedy called again today for congressional action on the administration's tax cut bill.

House Speaker John W. McCormack, D-Mass., told reporters the President stressed, at a White House meeting with congressional leaders, the need for getting the bill to the House floor for debate and enactment at the earliest possible date.

McCormack said he was hopeful the House Ways and Means Committee would send the bill to the floor.

Showers Over State Scattered

By THE ASSOCIATED PRESS

Scattered showers were on the prowl in Arkansas again today as the Weather Bureau forecast continued warm, moist temperatures.

Cloud cover was expected to keep temperatures within reasonable ranges in most areas, however.

North Arkansas caught the bulk of shower activity Monday with Clarksville, Dardanelle, Morrilton and Batesville all recording about one inch of rain. Extreme south Arkansas remained relatively dry.

Monday's highs were in the 85 to 90 degree range and Monday night's lows were in the upper 60s and low 70s. Temperatures in the same ranges were forecast for today and tonight.

The forecast also calls for scattered showers through Wednesday.

Britisher Joins Russians

LONDON (AP)—Radio Moscow said today Harold Philby has been granted political asylum in the Soviet Union.

Philby is a former British diplomat and journalist who disappeared from Beirut last January.

Subsequently the British government identified him as the man who tipped off Guy Burgess and Donald MacLean, the Foreign Office men who defected to the Soviet Union a decade ago.

Philby, 51, was a leading figure in British journalism in the Middle East for years. He had a wide circle of acquaintances among British and American newsmen and diplomats.

Many questions concerning Philby's life and activities remain unanswered. The Moscow broadcast, if anything, adds to rather than subtracts from the mystery.

Rules Head Blow Caused Death

RUSSELLVILLE, Ark. (AP)—Dr. W. E. King, Pope County coroner, ruled Monday that Tom Crane, 53, whose body was found near Russellville Sunday, was beaten to death.

The body was found in the front yard of Crane's home at London, eight miles west of Russellville. King said an autopsy showed Crane died of a brain hemorrhage caused by a blow on the head.

U.S. Debt Limit

WASHINGTON (AP)—Continuation of the present \$309 billion national debt limit through Nov. 30 was approved today by the House Ways and Means Committee.

Leaders are expected to seek a vote next week in the House. Without congressional action, the limit will drop to \$285 billion on Aug. 31.

Most people don't know the real Bing Crosby. If you have seen the old groaner trading quips with Bob Hope, you've pegged him as an extrovert. Wrong. Bing is shy.

That's why he spends most of his time fishing in the wilds of Idaho or off Baja California.

Hope is Hope. So is Red Skelton who, if anything, is funnier off-stage than on. Once Red drove me off the lot at CBS television city. Instead of waving to the guard at the gate, Red called him over.

"Officer," whispered Red, "I'm the warden and this man is a trusty. I'll vouch for him."

Jack Benny, one of the funniest comedians alive when on, is just the opposite off. He's a laugher, usually at anything George Burns says.

A star's public image has a peculiar effect on boxoffice. Most famous example is the Liz Taylor-Eddie Fisher-Debbie Reynolds triangle a few years ago.

Liz' public image is that of the femme fatale. Her movie price went up to a million dollars after the headlines broke.

Debbie, the All-American girl, moved easily into the image of the suffering wife. Her next year was the best of her career.

But Eddie's career nosedived. He was the All-American boy crooner miscast as the All-American philanderer. Now, he's doing better because he got public sympathy as the wronged party in the "Cleopatra" shenanigans.

Some public images are so phony that press agents shudder every time a new magazine article appears.

Pastor Would Train Negroes

PHILADELPHIA (AP)—A Negro pastor has set in motion a plan to create an Opportunities Industrialization Center that will train thousands of Philadelphia Negroes—and whites, too, if they desire—in such skills as engineering, drafting, electronics, chemistry and cabinetmaking.

The Rev. Leon H. Sullivan said Monday night at an organizational meeting at his Zion-Baptist Church that the project will be called "Opportunities, Inc." with its purpose "the training and re-training of our people by ourselves."

He said he hopes to get the center opened by Sept. 1 and will seek public and foundation funds for its support.

"We are not waiting any longer for others to train our own people," the Rev. Mr. Sullivan told a group of 100 Negro technicians. "We have been waiting all these years and now we're going to do it ourselves."

Sees More Red Aggressiveness

WASHINGTON (AP)—A State Department spokesman held open the possibility today that the new Communist incursions into South Korea are "linked to wider developments" of Red aggressiveness in Asia.

Press officer Richard I. Phillips noted the reported Red Chinese buildup along the Indian border and what he termed continued Communist pressures in Viet Nam and Laos.

He declined to speculate whether the developments reflect the Communist Chinese split with Russia over the Soviet call for "peaceful coexistence," or Peking's disapproval of the U.S.-British-Soviet test ban treaty.

The Chinese Reds say a hard line should be pursued against the West.

The North Koreans are followers of the Peking line.

Wants Action on Tax Cut Bill

WASHINGTON (AP)—President Kennedy called again today for congressional action on the administration's tax cut bill.

House Speaker John W. McCormack, D-Mass., told reporters the President stressed, at a White House meeting with congressional leaders, the need for getting the bill to the House floor for debate and enactment at the earliest possible date.

McCormack said he was hopeful the House Ways and Means Committee would send the bill to the floor.

Mex Labor Hearing Set Today

WASHINGTON (AP)—A Senate labor subcommittee today scheduled a hearing Tuesday on the effect of imported Mexican farm labor on the wages and job opportunities of domestic farm workers.

Chairman Harrison A. Williams Jr., D-N.J., described the move as an attempt to block hurried Senate action on extension of an import labor program which expires Dec. 31.

The House has already defeated a two-year extension of the program.

Williams said he had invited Secretary of Labor Willard Wirtz to testify Tuesday. The senator said the program had severely reduced job opportunities and limited the wages of American farm workers.

Braceros or Mexican laborers, he said in a statement, are privileged persons compared with domestic workers. The Mexican government, he said, insists on free transportation, a guaranteed minimum of work and adequate housing and food for each bracero.

Williams, whose subcommittee has been investigating the plight of braceros or Mexican laborers, he said in a statement, are privileged persons compared with domestic workers. The Mexican government, he said, insists on free transportation, a guaranteed minimum of work and adequate housing and food for each bracero.

Williams, whose subcommittee has been investigating the plight of domestic migrant farm workers for several years, said Americans are entitled to at least the protections and work benefits by law to braceros.

"Before it is continued for still another year," he said of the program, "I think we should take a long, hard look at the way this program had benefited a small group of growers at the expense of the taxpayer, the small farmer and the American migrant."

The skin during summer needs pampering to ward off a parched look. The model first cleanses her skin, tones it with a freshener and then uses a moisture balm.

Protection for Farm Labor Asked

WASHINGTON (AP)—A Senate labor subcommittee, eyeing action already taken by the Senate Agriculture Committee, heard testimony today that the American migratory farm workers need protection against imported labor.

Undersecretary of Labor John F. Henning said that underpresent law Mexican workers are employed in this country at the cost of jobs for domestic workers.

"We are thus confronted at this time with the simple question of whether we should continue to any extent subsidizing, at the expense of the taxpayers of this nation, a farm worker program which prolongs and aggravates this situation," Henning said.

Jr., D-N.J., of the migratory labor subcommittee referred at the outset of the hearing to "the very sudden action" by the Senate Agriculture Committee on a bill to extend "the importation of Mexican farm labor for another year."

"I think it is important," Williams said, "that this subcommittee hear evidence on the relationship between the use of these braceros (Mexican workers) and the persistent underemployment and low earnings of our own citizen farm workers."

The subcommittee is considering a bill designed to provide both more and steadier employment for American workers and a stable and reliable American labor force for farmers.

Henning testified that under the present system there is "the incredible situation where alien workers are offered better terms and conditions of employment than are afforded our own agricultural workers competing for the same jobs."
